Dear friends of the All May See Foundation,

As we close Fiscal Year 2024–2025, I'm honored to present our Annual Report celebrating a year of innovation, expansion, and hope. This period brought scientific breakthroughs, deepened partnerships, and steadfast commitment to our mission: ensuring that one day, all may see.

Highlights from the Year:

Critical Investment: We delivered over **\$3M** in donor awards, which includes **\$451.6K** for groundbreaking research — spanning brain condition diagnostics, dry eye, AMD, gene-editing, and immune eye disease — and **\$300K** in Chair Awards fueling resident education and urgent needs. Together, we are driving vision science forward.

Dr. Stamper Lectureship: On January 30, 2025, we hosted the inaugural *Robert L. Stamper, MD, Endowed Visiting Lectureship in Glaucoma* — honoring his profound legacy. Thanks to his generous gift and matching campaign, the fund exceeds **\$270,000**.

Community Building: The June 8th 20/20 Legacy Society Luncheon at St. Francis Yacht Club brought together donors and thought leaders, spotlighting innovative research from macular degeneration to global access programs in rural Nepal.

\$10M Campaign: We launched an ambitious **\$10 million campaign** to fuel next-generation vision science — gene-editing, nerve cell protection, tissue repair therapies, and artificial intelligence diagnostics fighting glaucoma and macular degeneration.

Alcatraz Swim Success: Our 2024 Swim for Sight exceeded goals as 47 swimmers raised nearly **\$200,000**, bringing lifetime totals over \$1 million. This year's swim was held Sunday, October 5, 2025.

Looking Ahead

Thanks to your support, we enter 2025–2026 with strong momentum. Our research investments and partnerships, along with UCSF's top-ten U.S. News ranking in Ophthalmology, position All May See to support transformative change in vision science. On behalf of All May See, UCSF Department of Ophthalmology, Francis I. Proctor Foundation, and patients who benefit from restored sight — thank you for this vital journey. Together, we bring the day when all may see closer than ever.

With gratitude,

John F. de Benedetti

Chair, Board of Directors

From the President of All May See

Dear friends of the All May See Foundation,

As I reflect on the milestones of this past fiscal year, one truth shines brighter than any statistic: none of this is possible without you. Your generosity fuels the ideas, the experiments, the clinical trials, and the patient care that change lives every single day.

In FY 2024–2025, we didn't just fund UCSF Department of Ophthalmology research — we nurtured possibility. We stood beside scientists as they took the first steps toward discoveries that may one day cure blindness. We partnered with physicians who are reimagining treatments and with patients who inspire us to aim higher. We celebrated the visionaries who came before us, and we welcomed the next generation of leaders who will carry this mission forward.

The future of vision science is being written right now, and it's written in bold letters because of you. Whether you swam in the chilly waters of the San Francisco Bay, supported a new lectureship, funded a fellowship, or simply shared our story with someone new, you have played a part in shaping that future.

As we move into FY 2025–2026, I invite you to stay engaged — reach out to us, come to our events, visit our labs, meet our researchers, and see firsthand what your support makes possible. The day when all may see is closer than ever, and with your partnership, I know we will get there.

With my deepest gratitude,

Deborah J. Chesky, LMSW, MBA, CFRE
